Environmental declaration by curious collection

Product data

Arjowiggins works to continually reduce the environmental impact of paper manufacture.

- All Curious Collection mills have a certified accredited Environmental management system (ISO 14001).

The entire range Curious Collection is **fully FSC certified**.

Curious Collection is ideal for brochures, luxury packaging, cover of brochures, invitations

Fibres Sourcing

Curious Collection

Virgin FSC fibres* : 100 %

* Virgin fibres are FSC credit mixed sources and ECF bleached, without using chlorine gas.

Chemicals

- **No substances** classified as carcinogenic, mutagenic or reprotoxic (CMR) are used as raw materials.
- Chemicals are sourced that have low impact on the environment.
- Arjowiggins complies with the new REACH (Registration, Evaluation, Autorisation and Restriction Of Chemicals) European regulation created to improve protection of human health and the environment from the risks that can be posed by chemicals as well as the promotion of alternative methods of assessments, and enhancing competitiveness and innovation.

Our Transports

Arjowiggins transport policy is **eco-responsible**, optimising logistics and taking environmental Issues into account: minimizing distances between raw material, mills and customers, shifting volumes to rail and sea transport wherever possible.

All of our cardboard and polythene packaging material are **recyclable** as well as the pallets.

Environmental declaration by **curious metallics & curious touch**

Products **Metallics, Touch**
Mills **Stoneywood Mill (United Kingdom, Scotland)**
 Rives (France)

Product data

The **Curious Metallics** range, entirely reshaped, offers a wide spectrum of fashion-led colours, all with intense luminous shades. They are suitable for a very large range of graphical applications. All are made with mineral pigments, with no heavy metals.

The **Curious Touch** range is composed of the **Soft** sub-range. With its peach like feel, Soft is a unique paper which confers a sensual dimension to communications, provoking astonishment when discovered. It leaves a strong tactile memory.

Curious Metallics and Curious Touch Soft are FSC certified, TCF/ECF, recyclable, pH neutral

Fibres Sourcing

Curious Metallics – Touch

Virgin FSC fibres* : 100 %

* Virgin fibres are FSC credit mixed sources and ECF bleached, without using chlorine gas.
