

# COALA WALLCOVER TEXTILE

## MATERIAL DESCRIPTION

Coala Textile Wallcover Diamond is a 100% polyester perlescent woven fabric with permanent adhesive. One sided coated with a special polymer with high whiteness. Textile matt surface. Highly brilliant prints. Prints great with Latex Ink. Permanent Adhesive on the back to fit different base grounds. PVC free.

## PRINTER & INK COMPATIBILITY

## WEIGHT

260  
g/m<sup>2</sup>

## PROCESSING INSTRUCTIONS

- Nature of the to be glued underground:  
As smoother the underground as better is the adhesion of Coala Wallcover Textile to this ground. The undergrounds have to be free of oil, fat, dust, dirt and other impurities and dry.
- Cleaning of the to be glued surface:  
Use non Oil cleaner. Wiper has to be clean, lint-free and non greasy.
- Pressure:  
Strong pressure and good contact between Coala Wallcover Textile and the to be glued ground is necessary for optimal adhesion. Use a press roller if you install the material with hand. Laminators (e.g.: Rolls Roller) are well suited to stick Coala Wallcover Textile on exhibition walls, doors or other panels.

## PROCESSING AND HANDLING CONDITIONS

- The optimal processing is at room temperature between +15 and + 25 °C and humidity of 50-60%. Coala Wall Cover Textile should be stored in the production hall 24 hours before processing.
- Influence of strong heat (e.g.: light, lightspots) can lead to partial peeling off. The to be glued underground (e.g.: wall paper) should have a better adhesion to their base (e.g.: wall) than to Coala Wallcover textile.

## STORAGE

- Coala Wallcover Textile should be stored in a sun protected room at a temperature between +15 and +25 °C and a humidity of 50-60% (without direct sun radiation; max. 30 degree).

## FEATURES

- Woven fabric
- Print side: outside
- Standard dimensions: 1000 x 30 m
- Highest print quality
- Easy handling, print & cut
- Trimming cold
- Easy to mount
- Extremely dimensionally stable

## APPLICATIONS

- Indoor
- Wall covering
- Photo wall textile
- POS & shop design
- Wall tatoo
- Interior design in bars, cafés, restaurants...
- Events
- Trade show graphic

The following technical details are issued to the best of our knowledge, however, without any responsibility for results due to several different kinds of material and application processes. Therefore, we highly recommend that before every usage a test should be conducted on the original material. Antalis cannot be responsible for any damage to the printer caused by printing our media.
