

MATERIAL DESCRIPTION

Coala WallDesign NW UV/LX is a non woven fleece uncoated for Latex and UV printing.

PVC and plasticizer free wallpaper for environments demanding green and safe products. Coala WallDesign NW UV/LX is a PVC-free light weight wallcovering solution for printers using Latex and UV curing inks with a non-woven/textile base. This paper is a good economical solution for situations where a strong, light and easy to use material is required for short – medium term applications.
